

# CONSULTING TO EMPOWER THE RELIABILITY PROFESSIONAL

## Total life cycle support and expert resources

on demand for the reliability engineering professional™

If your organization does not have sufficient time, expertise or objectivity in-house to accomplish specific reliability goals, turning to ReliaSoft's expert reliability consultants can prove to be the most effective and economical solution.

Whether you need a quick statistical analysis, a complete assessment of your reliability program plan or something in between, ReliaSoft Consulting Services (RCS) is ready to help!

- ◆ Our team has combined expertise in almost all areas of reliability and quality engineering with experience that spans a broad spectrum of product types, from micro-electronics and appliances to advanced weapons systems and off-shore oil well drilling equipment.
- ◆ Unlike engaging a consultant who works independently, RCS consultants have direct access to all of ReliaSoft's global resources, expertise and contacts.
- ◆ Our team-based approach to consulting, combined with ReliaSoft's global reliability engineering organization, allows us to provide you with reliability consultants who understand your culture and speak your language while ensuring that the appropriate reliability expertise can be applied to each and every project.
- ◆ RCS is structured to accommodate requests of any size or complexity, from short telephone consultations to multiple experts at a client's site for an extended time period.

Please visit our Web site for a list of commonly requested consulting services and answers to frequently asked questions. To discuss your specific project requirements, please contact the ReliaSoft office nearest you.
